

MAINA MUCOKI

PROJECT TITLE: The Graphics e-Toolkit – An Introduction to Photoshop Skill training.

GOAL STATEMENT: SELF PORTRAIT IMAGE EDITING.

The students will edit and create an image of themselves for use for professional purposes like portfolio websites and professional social sites. They will take their own picture, open in Photoshop, change the lighting of the image, edit the background and make it Black and white, and save it in a new folder.

Materials Revision Analysis Form

Component	Problem	Change	Evidence and Source
Need Assessment	No Title	Edited and revised. Included an appropriate title of the project	Per Instructor’s Review/feedback
Needs Assessment	The purpose was to brief.	Changed the purpose and added more detail.	Per Instructor’s Review/feedback
Goal Analysis	My entry skills were not detailed.	Changed the entry skills, and made them more detailed. Also corrected some words like; using a vague verb like “know” to should have the “knowledge of”.	Per Instructor’s Review/feedback
Video shot	1.Some of the video screen takes were not good. 2.Videos also at the green screen studio did not come out well because the camera lens did not work well with the amount of light landing on the green screen.	1.Retook the videos again. 2. In the green screen studio, the photographer helped retake the videos. She also changed the intensity of the light on the green screen to cater for the issues the camera was having.	Per the instructor’s observation of the takes she felt, they needed to be done again. Self-observation.

Assessment
